BATTLE IN A BANK.

Desperate Fight Between Robbers and Citizens.

SEVEN KILLED, FIVE WOUNDED.

The Noted Band of Dalton Desperadoes Wiped Out of Existence—An Attempt Made to Rob Two Banks in Coffeyville, Kansas, in Broad Daylight.

COFFEEVILLE, Kan., Oct. 6.—The Dalton gang of outlaws, the most notorious in the west, was wiped off the face of the earth here yesterday, but in the battle, which resulted in their extermination, three good citizens were killed and two fatally wounded. The desperadoes, who had grown bolder as they thought they were above all law and that the officers of the county were powerless against them, had attempted to raid the banks of this city, their old home, when they met the fate which they so well merited.

Had they confined their efforts to train robbery, they might now be alive, but emulation of the James boys proved their ruin. This was their first attempt at bank robbery and their last piece of outlawry. The six outlaws came into town together on horseback about 9:30 o'clock and leaving their horses in an alley, walked rapidly across the square and four entered Condon's bank and two the First National. At Condon's bank the desperadoes were told by Cashier Ball that the lock would not be open until 10 o'clock, so holding their Winchesters on Ball and Teller Carpenter, said they would wait, taking meanwhile, the money in the drawer.

Bob and Emmet Dalton were the two who took in the First National. Here were Cashier Ayres, his son Bert, and Teller W. H. Shepperd. They were forced to give up all the money in the safe, which was hastily shoved into bags. The Daltons then forced the three out of the front door and followed right after them. The alarm had in the meantime been given, and as the outlaws appeared, George Culbin, a merchant, and Express Agent Cox shot one of them, badly wounding him.

The outlaws then returned the fire, killing Culbin. The robber in Condon's bank shot out of the window hitting Ayres and Brown. Both robbers ran back through the bank when they were met by Baldwin and fatally wounded him. The citizens, being thoroughly aroused by this time, were hot and heavy after them, and, after a fight in which City Marshal Connally was killed succeeded in killing the four desperados named and mortally wounding Emmet, who lies in a room here. He will die before many hours, if not in one way then in another.

Jim Spears, a livery stable keeper, with his Winchester rifle, killed three of the outlaws in as many seconds. This created such a diversion that other citizens were enabled to get close enough to kill another of the robbers. The two remaining robbers dropped their plunder and mounted their horses, but a posse was quickly in pursuit and one more of the bandit gang fell from his horse mortally wounded about two miles from town. The sixth and last was still being pursued at latest accounts. The man who got away is supposed to be Allie O'Gee.

Great excitement prevails, and if the other man is found he will be summarily dealt with. The large rewards for the capture of the outlaws dead or alive will, if the citizens' wishes are respected, go to the families of the murdered citizens. All of the money was recovered to a cent and turned over to the banks. Emmet Dalton has made a partial confession that his gang was the same that robbed the Pacific express car on the Missouri, Kansas and Texas railway at Adair station, in the Indian Territory, last July, and committed other daring robberies.

The news was telegraphed to Parsons shortly after 10 o'clock and General Superintendent Frey, of the Missouri, Kansas and Texas railroad, with his special car, in which were thirty or forty trusty citizens with Winchesters and shotguns, came to Coffeyville to assist in running the desperadoes to bay. They found on their arrival that there was but little work for them to do, as the plucky inhabitants at Coffeyville had wound up the careers of the desperadoes.

The list of the dead and wounded are as follows:

The dead are:

Bob Dalton, desperado.

Grant Dalton, desperado.

Tom Heddy, desperado.

An unidentified desperado.

C. T. Connally, marshal of Coffeyville.

George Cubine, merchant.

Charles Brown, shoemaker.

Those fatally wounded are:

Emmet Dalton, desperado.

Thomas G. Ayres, cashier of the First National bank.

Lucius Baldwin, clerk in Brown's shoe store.

Those slightly wounded are:

T. A. Reynolds, citizen.

Louis Dell, citizen.

The Railroad Responsible.

CHAMPAIGN, Ills., Oct. 6.—The Illinois Central Railroad company will be obliged to pay \$3,000 damages for the death of Patrick H. Quirk, in a wreck on May 28, 1891. Tramps were arrested for causing the wreck and sent to prison, but evidence has been adduced showing that the wreck was caused by the bad condition of the track and that the convicted train wreckers had nothing to do with it.

Cleveland Will Go to Chicago.

CHICAGO, Oct. 6.—It is now stated that ex-President Cleveland will attend the dedication of the world's fair buildings. The statement is confirmed by Director General Davis. Mr. and Mrs. Cleveland are expected here on Oct. 21.

PROMINENT POLITICIAN DEAD.
Sudden Demise of James H. Rice at His Indianapolis Home.

INDIANAPOLIS, Oct. 6.—Hon. James H. Rice, one of the most widely known Democratic politicians in Indiana, died yesterday of exhaustion following an acute attack of pneumonia. He was taken violently ill five weeks ago and was soon relieved of the fever and congestion, but the ravages of the disease left him so exhausted that it was impossible for him to rally and for four weeks he lay in an unconscious condition only at long intervals being able to recognize the friends who surrounded his bedside. Tuesday he was some better and hopes were entertained of his recovery but his improvement was momentary only and a relapse soon followed and he sank gradually till yesterday morning when he died.

The deceased early developed a fondness for politics, and came to this city from New Albany in 1872 and was made secretary of the Democratic state committee. He served in this capacity for several years, making politics a study and proving almost indispensable to the party managers as an adviser. He succeeded to the chairmanship in 1876, and was tendered the position in 1880 and 1884, but declined. In 1882 he was elected auditor of the state and re-elected in 1884. From that time he has declined all political advancement, though frequently urged to make the race for governor and knowing that the nomination could be obtained almost without a struggle. Though declining office, he has been associated with every chairman in the management of campaigns, and was regarded as an oracle on state politics, being consulted in every important step by the party managers.

RAILROADS TIED UP.

Radical Measure Taken To Collect Unpaid Railroad Taxes.

INDIANAPOLIS, Oct. 6.—The fight between the county treasurer and the railroad companies over the collection of taxes under the assessment of last year was transferred yesterday from the courts to the railroad yards and depots of the companies. Early in the morning County Treasurer Backus called in the sheriff and a number of deputies were sworn in, and at once proceeded to the Union station where ten engines and the electric light plant of the Union railway companies were levied upon to settle a claim for taxes.

The officers then proceeded in turn to all the railroads entering the city and one by one levied upon the engines and the electric light plants. In an hour all the engines on the tracks of the Big Four, of the Pennsylvania lines and of the Indianapolis, Decatur and Western had been seized and chained to the tracks in the name and by the authority of the county. Riley McKeen was telephoned for and came over, and he and his attorney at once appeared before Judge Taylor to get an order restraining the officers. It was too late, however, for the property was already in possession of the county. The treasurer is determined to make every company give bond for the payment of the taxes before he releases the property.

FOREST FIRES.

Several Villages in New Jersey Threatened by the Flames.

MAY'S LANDING, N. J., Oct. 6.—The loss by the forest fires, which are still raging in this vicinity, is now estimated at over \$50,000 and promises to be much greater before they are extinguished. Residents of Hessville, below Petersburg, were compelled to fight the flames for twenty-four hours to keep the fire from the village.

The winds which are prevailing in high force have driven the fire over miles and miles of the best timber in south Jersey. Large forces of men are fighting the fire at every point with but little success, and it is feared that that the damage will be very great. Several small towns are threatened by the fire and every precaution is being taken to keep it back.

EDWIN BOOTH HURT.

The noted Actor Meets with a Rather Peculiar Accident.

LAKEWOOD, N. J., Oct. 6.—Actor Edwin Booth, who is at the Laurel House, met with an accident yesterday which has confined him to his bed. While dressing he suddenly became faint and, falling to the floor, struck his head with considerable force against the edge of the marble mantelpiece.

His daughter, Mrs. Grossman, summoned aid and had her father carried to his bed. In addition to the blow on his head Mr. Booth received a severe cut over the eye. The aged actor has been in poor health, and he came here in hopes of improving it. The accident, it is feared, will set him back.

DRUNKEN MAN WITH A GUN.

CLARKSVILLE, Tenn., Oct. 6.—George Tucker yesterday attended the circus performance at Elkhorn. After filling himself with whisky, he drew a revolver and went through the crowd firing right and left. The shooting caused a panic among the throng, but nobody was injured. It took several policemen to arrest the bully, who was landed in jail seriously wounded.

American Crook Arrested in Canada.

MONTRÉAL, Oct. 6.—A noted American crook, named Bertrand, has been arrested here for robbery. He was only recently released from the Albany penitentiary. Over \$1,000 worth of church ornaments was found in the prisoner's room.

PAPER MILLS DESTROYED.

RICHMOND, Ind., Oct. 6.—The Nixon paper mills burned yesterday. Loss on stock, machinery and building almost total, aggregating \$100,000. The cause of the fire was spontaneous combustion. Insurance, \$19,200.

EPISCOPALIAN WORK

General Conference in Session in Baltimore.

IT WILL LAST THREE WEEKS.

Session That Will Be Pre-Eminently Marked by Earnest and Brilliant Debate, Important Legislation and Changes in the Organic Law of the Church Which May Have Their Effect for Ages to Come.

BALTIMORE, Oct. 6.—The supreme law-making body of the Protestant Episcopal church, of the United States, the general convention of 1892, assembled at Immanuel church at 10:30 a. m. yesterday, and began its three weeks session—a session that will be pre-eminently marked by earnest and brilliant debate, important legislation, and changes in the organic law of the church which may have their effect for ages to come.

The scene at the church was impressive as the venerable bishops, clergymen and laymen marched up the aisles to their respective seats. The bishops, of whom there were sixty-three present, occupied seats upon a platform which had been constructed in front of the altar. The delegates were seated in the body of the church. They numbered over 400. Admission to the church for the celebration of holy communion, the only feature of the morning gathering, was by ticket. Twelve hundred were issued, and as many more applications were necessarily refused. Nearly every seat was occupied.

Right Rev. Henry Benjamin Whipple, bishop of Minnesota, took the new place of Bishop Williams in conducting the communion service as the senior prelate was not strong enough to officiate.

The sermon was preached by Right Rev. Richard Hooker Wilmer.

Near the close of his sermon Bishop Wilmer seemed to falter and shortly thereafter became ill and left the church.

The house of bishops assembled at 9:30 p. m., and organized by the re-election of Rev. Dr. Wm. Tatlock, rector of St. John's church, Stamford, Conn., as secretary. Dr. Tatlock appointed as his assistant, Rev. Dr. C. C. Tiffany, of New York.

Bishop Neely, of Maine, was elected chairman of the house and it will be his duty to preside in the absence of the senior bishop. Right Rev. John Williams, of Connecticut. The meeting of the house was simply for organization and as soon as this was effected the names of the deceased bishops were recited and prayers offered for them. The seven bishops who have been consecrated since last convention were introduced. The house then adjourned for the day.

The assembling of the house of deputies brought together a distinguished body of clergymen and laymen. Among them were Chief Justice Fuller, Dr. Seth Low, of Columbia college; ex-Governor Henry P. Baldwin, of Michigan; Erastus Corning, Hamilton Fish, J. Pierpont Morgan and W. Bayard Cutting, of New York. Rev. Dr. Morgan Dix, of Trinity church, New York, was unanimously elected president and Rev. Dr. Hutchins was re-elected secretary.

The report of the committee on the revision of the book of common prayer was made the order of the day for 11 o'clock until disposed of.

SERIOUS LOSS TO A VILLAGE.

Business Portion of Johnstown, O., Destroyed By Fire.

COLUMBUS, O., Oct. 6.—Fire broke out in F. Huffmann's grocery store in Johnstown, about thirty miles east of here at 4 o'clock yesterday morning, and before it was subdued half of the village had been burned, including the business portion. The loss will exceed \$50,000.

The business places burned were: S. F. Huffmann's general store and livery barn, O. W. Runyan's barber shop, Grove & Frank's jewelry store, James Johnson's barber shop, Royal Kasson's hotel, H. P. Green's grocery, Frank Crawford's grocery, F. Igler's harness shop and A. Crawford's grocery. The contents of these buildings were saved in most cases. The buildings were mostly insured. The village has no fire department and the fire simply exhausted itself.

WILL TRY TO LOWER HER RECORD.

NEW ALBANY, Ind., Oct. 6.—Nancy Hanks, the thrice-crowned queen of the trotting world, for a purse of \$3,500 will attempt to break her record of 2:04 in this city this afternoon. If the record is broken Budd Doble receives an additional \$1,500. The event is given in honor of the members of the National Fire Chiefs' association, now in session at Louisville. The mare and her running mate are here.

MINERS STRIKE.

MACON, Mo., Oct. 6.—The miners in the Kansas and Texas, the Loomis and the Watson mines have struck for twenty-five cents per day increase in wages. They now receive \$1.75 per day. The operators have as yet taken no action.

SIX FRAME BUILDINGS BURNED.

CLEVELAND, Oct. 6.—Six frame buildings belonging to the Lake Erie Provision company, at the crossing of Clark avenue and the Big Four railroad, burned last night. Loss, \$35,000; insurance about one half.

PRISONERS SENTENCED.

DELaware, O., Oct. 6.—John W. Davis was yesterday sentenced by Judge Gill to one year in the penitentiary for forgery and John Kopp to six months in the Dayton work house, \$100 fine and costs for burglary.

MONASTERY BURNED.

HALIFAX, N. S., Oct. 6.—The monastery of the Trappist order at Tracadie, Antigonish county, burned yesterday, everything but the barns being destroyed. Loss, \$60,000; uninsured.

WIRE TAPPING.

A Scheme to Rob Two Pool Rooms Foiled By the Arrest of the Operators.

CINCINNATI, Oct. 6.—A scheme to rob two pool rooms was laid bare by detectives yesterday. The base of the operations was in the building at the southwest corner of Eighth and Vine streets.

Tuesday afternoon a stranger rented the third story front room and then under pretext of mending a telephone wire he got on the roof and tapped a Western Union race wire. A connection was then made with two pieces of insulated wire which was dropped down the chimney and the ends spliced inside the fireplace in the room on the third floor. In the closet two valises were found, one of which contained a coil of copper wire and in the other a set of telegraph instruments was discovered.

It is said that the men who are doing the mechanical part of the work are known. An ex-telephone lineman and an expert telegraph operator, who formerly worked for the Western Union Telegraph company, are under suspicion.

Bob Smith, a well known telegrapher, and his brother John, were arrested by a detective late last night on a charge of wire tapping.

THE RESULT OF BEING DISHONEST.

BELLAIRE, O., Oct. 6.—Charley Fry, aged fifty years and married, with a family of grown children and a former resident of this city, committed suicide yesterday afternoon by taking a heavy dose of strichnine, which killed him in a few minutes. He had been tending bar for a man in Tiffin, O., while he was attending the G. A. R. encampment at Washington, and a day before the man arrived home Fry skipped out with the proceeds of two weeks' business, and fearing arrest he killed himself.

CITY FURNISHED HOT WATER.

BOIES CITY, Oct. 6.—Boies is to be heated by hot water and in that respect will be the most remarkable city in the world. About a mile from the city great volumes of boiling water gushes out of several deep artesian wells. The water possesses no medicinal value, and heretofore has been used only for bathing. Now six-inch pipe has been laid from the springs into the town and the hot water will be placed in residences and houses. The cost, it is estimated, will be 50 per cent less than with coal.

MOTHER AND BABY MURDERED.

ASHLAND, Ky., Oct. 6.—Mrs. Jonah Vanmeter, of Idaho, Pike county, was found by her two children last Monday night lying in the pasture near the house with her skull crushed to a pulp and her six-months-old baby with its throat cut from ear to ear. Her husband, with whom she has never lived happily, and who is now missing, is supposed to be the murderer, and a posse of men that are searching for him will hang him without ceremony if he is caught.

LAKE VESSEL LOST.

GODERICH, Ont., Oct. 6.—Telegraphic inquiries all along this shore of Lake Huron have failed to find any trace of the steam barge Nashua, which is believed to have foundered off this port Tuesday. It is certain that she is not in shelter in this vicinity. Mrs. Captain Millen and Mrs. Captain Shepard were on board, in addition to the crew of a dozen men. A northwest gale is blowing, and the crew, if still adrift on Lake Huron, will hardly survive.

HUNTER SHOOTS HIMSELF.

CELINA, O., Oct. 6.—Daniel Hoffman, of Dayton, Wednesday morning, met his death on Lake Mercer. He was out duck hunting, and in company with a Mr. Sacksteder, were in a boat. Mr. Hoffman, while raising his gun from the bottom of the boat, accidentally discharged it, the load taking effect in the right side of his breast, passing entirely through the breast and causing almost instant death.

MORE BODIES TAKEN FROM THE MINE.

IRONWOOD, Mich., Oct. 6.—The bodies of three more of the men entombed in the Norrie mine a week ago were recovered yesterday and have been identified as Frank Denham, miner; John Bloomquist and Herman Erickson, members of the timber crew. Eight bodies have now been recovered and two more lie buried under the debris. The search still goes on.

TIME TO ORGANIZE.

In closing his address to the National League of Democratic Clubs in New York this week, Hon. Chancey Black said: "The election of Cleveland and Stevenson, with a Democratic Congress, is within easy reach. Ever since 1872 a majority of the American people have been with us. We have only to poll the Democratic vote in November and the beneficent revolution will be accomplished. A Democratic society in every voting precinct will readily poll every Democratic vote. That, and that alone, is required. Let us separate, resolved under the timely instructions of our National Committee to complete the organization and thus to insure the victory."

The Democrats of Mason County have a part to play in making this National victory complete.

The election is only a few weeks off, and an organization should be perfected as soon as possible in every precinct in the county, so that the polling of every Democratic vote may be insured.

It was developed at the registration in this city this week that the Republicans are already organized. They are preparing for the fight of their lives, and Democrats will make a big mistake if they don't organize and meet the enemy at every point.

Let a campaign club be organized in each precinct. Steps have already been taken to this end at Tuckahoe, and a meeting will be held in this city in a few days for the same purpose.

The Chairman of the Executive Committee will send speakers to any point in the county to address meetings and instruct voters in regard to the new secret ballot.

A thorough organization can soon be effected if all will go to work. What precinct will be the first to report?

At the Newport election last Saturday, there was a loss of 1,111 votes, as compared with two years ago. *Balloons were thrown out in every precinct, because the voters had failed to comply with the law. In one ward eighty-five were cast aside because they were not properly marked. Many voters simply folded their ballots and deposited them without any mark whatever.* Of course these were all lost.

This shows the importance of organizing at once, so that the voters may be thoroughly instructed in regard to the new ballot system.

COMMISSIONER PECK, of New York, has been brought face to face with a stern reality. The court refused to quash the indictment found against him for burning public documents and he will have to stand his trial.

"I FEEL confident that we will carry New York, and if Mr. Cleveland is not elected it will not be because he does not receive the electoral vote of the State," says ex-Secretary of the Navy Whitney.

LET every Democratic voter be thoroughly posted on the new ballot. We want an old time majority in Kentucky this year.

WHAT has become of the enumeration lists of the census taken by the city last spring? Mr. O'Hare, City Clerk, says they have never been filed with him. Are not these lists public records? If so, where are they?

"My record as a public servant leaves no excuse for misunderstanding my beliefs and position on the questions which are now presented to the voters of the land for their decision." — Mr. Cleveland's Letter of Acceptance.

MR. ISAAC WOODWARD, Democratic nominee for Circuit Clerk, was examined by Judge Cole Tuesday and was granted a certificate that he is in every way qualified for the position. This was simply to comply with law. The Democrats of Mason always nominate good men for office.

WHITELAW REID, the Republican nominee for Vice President, is one of the men who abused Lincoln during the war. He spoke contemptuously of Lincoln as being "weak and wavering," and charged his administration with "folly in council and imbecility in action." Reid ought to have had Halstead for a running mate this time.

THE New York World's Western Democratic campaign fund now amounts to over \$32,000. Such a fund will do valuable service in sending speakers to the doubtful States and in distributing tariff reform literature among the voters. The World is doing the party a world of good. Its circulation last month averaged nearly 417,000 copies a day. Every Democrat should subscribe for it.

THE Democratic National Committee has ordered 200,000 copies of the tariff speech made by Col. A. K. McClure in Philadelphia. Requests for copies of the speech have come from many of the States, notably from New Jersey, Connecticut and West Virginia. Fifty thousand copies will be sent to West Virginia. And still the editor of the Public Ledger imagines Colonel McClure will vote the Republican ticket.

"HOW BLIND some people are," as our contemporary exclaimed last week. The BULLETIN had an editorial Tuesday stating that Republicans must be in close quarters when they crow over such pitiful victories as the ones at Newport and Covington. Yesterday the Ledger remarked that "the BULLETIN has not heard from Newport." Where is the Republican victory there when part of the Democratic ticket was elected, and the Council is still Democratic?

JUDGE WALL is a member of the Senate Committee on Corporations. This committee struck out of the Corporation bill this week that clause creating the office of Bank Examiner, and added a section requiring the Secretary of State to attend to the duties of the proposed new official. The Bank Examiner scheme was originated at Louisville and it has been charged that the Courier-Journal "gang" had a finger in the pie. The simple fact that the "gang," through their afternoon Times and Frankfort correspondent, are now engaged in abusing and belittling Judge Wall is ample proof that there was good foundation for the charge. It's their custom to brow-beat and abuse all who don't kneel to them, but there's a day of reckoning coming for the "gang" if they don't change their tactics.

THE Public Ledger never knows when to keep quiet. It is beginning to prate about the old soldiers and Congressman Paynter again. Doesn't the P. L. know that Mr. Paynter is the only Congressman in years who has treated the veterans kindly and courteously and who has given their petitions and appeals the consideration they deserved. If the Ledger doesn't know this, there are old soldiers in Maysville who do. Three Republican Congressmen in succession rarely ever deigned to answer the veterans' letters of inquiry, but not so with Mr. Paynter. Some of the old soldiers know they receive better treatment from our Democratic Congressmen than they do from the Republican Public Ledger, and there is good reason to believe many of them will put in a ballot for honest, big hearted Tom Paynter in November.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

THE smiles and songs of Henshaw are as a beam of sunlight and as the rippling of waters. He is ever welcome, and leaves behind a pleasant memory. The support of jolly Ten Broeck is as exhilarating as wine. It would be a vivified taste indeed that could not find in "The Nabobs" something to please and amuse. It is a musical medley and a dramatic mixture. The long record of "The Nabobs" is proof of its merits.

FOR THE FARMER.

Weekly Report of Kentucky Weather Service About the Crops.

The average temperature of the week was about four degrees above the normal, and much more than the usual amount of sunshine resulted from the generally cloudless weather which prevailed.

No rain is reported, except light showers from the eastern sections of the State. Apart from the heavy general rains of the 13th and 14th ultimo, there has been practically no precipitation of consequence in the State for more than a month. This fact has rendered the soil very dry and consequently unfit for plowing and seeding, which work has been greatly delayed. Fall pastures are, as a rule, very poor, owing to the same cause. The greatest present need of farmers is an abundant rainfall.

While the conditions described have been unfavorable to the work mentioned, they have greatly hastened the maturity of corn and tobacco. The former crop is now practically safe, and much of it is already cut. The prospects for tobacco have improved materially, and everything indicates a crop of the finest quality, though it is probable that the amount will fall short of the average. About three-fourths of it has been cut, and it is thought that at the latest the entire crop will be safely housed within the next ten days. The lateness of the season makes the danger from frost greater, but the comparatively small portion of the crop now exposed, even if it is damaged, can not materially affect the general character of the yield.

A grand production of the ever popular, classic, five-act drama, "Ingomar," will be given at the opera house next Saturday night, by the Labadie-Rowell Company. He will be assisted by Miss Hattie Rowell, an actress of unmistakable ability, and other metropolitan artists of high standing in the theatrical profession. New and appropriate scenery effects will be used, and the costuming is most elaborate and historically correct. The company comes highly recommended, and our theater-goers who love classic drama should not miss seeing this grand production. Seats now on sale at Nelson's.

His bachelor friends will no doubt be surprised to learn that he has joined the Benedict's. His bride is a daughter of the late James Savage, and is a most excellent christian woman.

One of the Strongest Attractions.

The Labadie-Rowell Company opened up on Edmiston & Kinneman's circuit at Lancaster, and Manager Edmiston who witnessed their production says the show is simply beyond criticism, and will be one of the strongest attractions of the season. The Lancaster audience fairly went wild over them.—Chillicothe Daily News.

ATHENS, Ga., Oct. 6.—The only political tragedy so far reported in connection with the pending political campaign, occurred yesterday at Winterville. John Patterson, a negro, emerged from a hiding place and shot W. I. Tuck, a prominent citizen of Winterville, and cousin of Mayor Tuck, of this place, through the bowels. Tuck's injuries will probably prove fatal.

The negro ran, and notwithstanding that he was pursued by a large crowd, he made his escape for several hours. As the Georgia Central train was passing Winterville for Athens, the black assassin was discovered by some passengers under a coal chute. He attempted to get away but was pursued and shot five times, but nevertheless again escaped. When again discovered he was shot through the head. There is a great deal of excitement over the affair. The shooting is due to political feeling. The negro is dead.

Watkins and Davis keep a country store and the supposition is that the robbers attempted to rob it and that while resisting them Watkins, Davis and the negro were killed. The wires are being kept hot in every direction and an armed posse is patrolling the principal highways. A telegram received from Edwards, fifteen miles from the scene of the murder says that the robbers' horses were found near that point. They are supposed to have taken an early train for Vicksburg.
